Black and White A3 MFPs

Copier Printer Scanner

A3 black and white MFPs with colour scanning

Our new entry-level A3 systems provide a one-stop solution to workgroup imaging needs. The 3-in-1 MFPs will print and copy in black and white and scan in full colour. Replacing desktop printers and photocopiers, they will improve productivity and reduce cost. The flexible A3 print engines can handle a variety of paper formats and, when equipped with the optional NIC, can be shared by workgroup users.

Quick overview

- ✓ Entry level A3 black and white MFPs
- ✓ 3-in-1 workgroup solution for the general office
- ✓ Black and white printing and copying, colour scanning
- ✓ 600 dpi resolution, 20 ppm throughput, automatic duplex
- ✓ GDI print controller, backlit 4-line LCD, shortcut keys, cursor control

Competitive advantages

- ✓ Colour scanning - most competitors only offer B&W scanning
- ✓ The A3 print engine will handle A5, A4 and A3 paper formats
- ✓ Both models are supplied with a duplex and MP 2014AD has an ARDF
- ✓ Frequently used documents can be saved in memory and printed on demand
- ✓ The bypass cover option enables the bypass to be used as a regular paper tray

Robust and reliable performance

- ✓ Robust A3 copier-based technology ensures reliable performance
- ✓ Productive 20 page a minute throughput will meet workgroup demand
- ✓ Side panel provides easy access to the paper path, minimizing downtime
- ✓ Bypass cover option enables the bypass tray to be left open and used as a regular paper tray
- ✓ Copier-style PpP (pay per page) service contract provides effective support

Low total cost of ownership

- ✓ Competitive price point reduces initial investment cost
- ✓ Low running costs reduce lifetime cost of ownership
- ✓ Regular toner cartridges (price oriented users) have a low replacement cost
- ✓ High yield toner cartridges (CPP oriented customers) minimise lifetime page costs
- ✓ PpP service contract offers transparent all-inclusive click price

Flexible multi-purpose solution

- ✓ Flexible one-stop solution for all document imaging needs
- ✓ Print and copy in black and white and scan in full colour
- ✓ Produce double sided business letters that present a more professional image
- ✓ Copy detailed spreadsheets onto A3 paper so that they read more easily
- ✓ Scan colour documents and forward them to email (scan to email requires optional NIC)

Automate complex tasks

- ✓ A four-line LCD with cursor control simplifies operation
- ✓ Four shortcut keys provide access to timesaving features
- ✓ ID cards can be scanned and copied onto a single sheet of paper
- ✓ Duplex and combine copy modes are easily selected
- ✓ Frequently used documents can be saved in memory and printed on demand

Scan in full colour

- ✓ There is no need for the customer to purchase a standalone scanner
- ✓ MP 2014D and MP 2014AD include a high-resolution 600 dpi colour scanner
- ✓ When equipped with the optional NIC, documents can be scanned to email and folder
- ✓ Using the ID card scan function, ID cards can also be scanned in full colour
- ✓ The automated ID card scan feature saves time and eliminates processing errors

Print from memory

- ✓ Folder Print feature enables scanned documents to be saved in memory
- ✓ Frequently used documents can be stored and printed quickly on demand
- ✓ There are three folders, each of which will store a two-page a four document
- ✓ To safeguard security, the documents can be password protected
- ✓ Printing on demand saves time and eliminates the need for pre-printed stock

Improve productivity

- ✓ Running at 20 ppm, the new MFPs will print 1,200 pages an hour
- ✓ The standard 350 sheet paper capacity can be increased to 1,350 sheets
- ✓ The MFPs can automatically switch between trays, speeding production
- ✓ MP 2014AD has an ARDF which automates scanning and copy processes
- ✓ Shortcut keys on the control panel simplify operation, saving time
